

# FJR1300AS Ultimate Edition

## Legendary turns.

Since 2001 the FJR1300 has enabled over 120,000 riders to realise their dreams. With its lightweight aluminium chassis and high-performance 1,298cc inline 4-cylinder engine, the FJR combines serious sports bike performance with the long-distance capabilities and supreme riding comfort of a tourer.

The FJR1300AS Ultimate Edition is the final generation of this legendary motorcycle. Its clutchless transmission and electronic suspension make every ride a pleasure, no matter how far you travel – and the wind-beating bodywork and easy ergonomics mean that you can go further, faster and longer.

Offering you the highest specification and finished in black and gold pinstripes, the FJR1300AS Ultimate Edition's exclusive features include a black seat with gold stitching, as well as a high screen, wind deflectors, gold wheels and hard side cases. Don't miss your chance to ride an icon.

- Exclusive Ultimate Edition model
- Premium specification & black/gold finish
- YCC-S clutchless gear shifting and 6-speed gearbox
- 1,298cc inline 4-cylinder engine with YCC-T
- Electronically-adjustable suspension and USD forks
- Fully adjustable ergonomics for added comfort
- All round LED lights with cornering lights
- Advanced electronic control systems
- 3-part instrumentation
- 25-litre fuel tank, shaft drive, side cases, 12V socket

# FJR1300AS Ultimate Edition

## Exclusive Ultimate Edition model

Few motorcycles have had such an impact on the Sport Touring world as the FJR1300. For two decades it has been regarded by many as the clear choice for covering long distances at high speeds. Now the premium FJR1300AS Ultimate Edition gives you the chance celebrate the tribute to one of the best-loved large capacity bikes of our time.

## Premium specification and black/gold finish

To mark 20 years at the top of Yamaha's Sport Touring line, the company has created this special high specification model. The premium black/gold finish pays tribute to its iconic status, and the exclusive features include a black seat with gold stitching and FJR logo, as well as a high screen, wind deflectors and gold wheels.

## YCC-S clutchless gear shifting and 6-speed gearbox

The Yamaha Chip Controlled Shift system (YCC-S) allows you to change gear through the 6-speed transmission with your left foot or hand without ever touching the clutch lever. As well as being quick and easy, this system makes for reduced fatigue on long trips. And a 'Stop Mode' automatically downshifts to 1st gear when you come to a standstill.

## 1,298cc inline 4-cylinder engine with YCC-T

Featuring a Yamaha Chip Controlled Throttle (YCC-T) for smooth power delivery, the advanced 1,298cc inline 4-cylinder 16-valve powerplant delivers outstanding sports performance. Its high torque output makes for strong acceleration in all gears – and the impressive top-end enables you to cover massive distances without trying too hard.

## Electronically-adjustable suspension and USD forks

The FJR1300AS Ultimate Edition is equipped with high-performance upside-down front forks which form an integral part of the sophisticated electronically-adjustable suspension package. Together with the rear shock, the advanced forks can be electronically adjusted to suit different loads and riding conditions, allowing you to fine tune the system in seconds.

## Fully adjustable ergonomics for added comfort

For maximum riding pleasure the FJR1300AS Ultimate Edition is designed to allow you to make easy adjustments to the riding position and aerodynamics. The seat height and handlebar position can be fine-tuned to suit different riding styles – and for effective wind protection there's an electrically-adjustable screen and an air management system.

Engine	
Engine type	Liquid-cooled;4-stroke;4-valves;DOHC;Forward-inclined parallel 4-cylinder
Displacement	1,298cc
Bore x stroke	79.0 mm x 66.2 mm
Compression ratio	10.8 : 1
Maximum power	107.5kW (146.2PS) @ 8,000 rpm
Limited power version	N/A
Maximum Torque	138.0Nm (14.1kg-m) @ 7,000 rpm
Lubrication system	Wet sump
Clutch Type	Wet;multiple-disc coil spring
Ignition system	TCI
Starter system	Electric
Transmission system	Constant Mesh;6-speed
Final transmission	Shaft
Fuel consumption	6.2l/100km
CO2 emission	140g/km
Carburettor	Fuel Injection

Chassis	
Frame	Aluminium;Diamond Shaped
Caster Angle	26°
Trail	109mm
Front suspension system	Upside-down telescopic fork, Ø48 mm tube, adjustable preload, compression and rebound damping
Rear suspension system	Swingarm;(Link type suspension)
Front travel	135 mm
Rear Travel	125 mm
Front brake	Hydraulic dual disc, Ø320 mm
Rear brake	Hydraulic single disc, Ø282 mm
Front tyre	120/70 ZR17M/C (58W)
Rear tyre	180/55 ZR17M/C (73W)

Dimensions	
Overall length	2,230 mm
Overall width	750 mm
Overall height	1,325/1,455 mm
Seat height	805/825 mm
Wheel base	1,545 mm
Minimum ground clearance	125 mm
Wet weight (including full oil and fuel tank)	296 kg
Fuel tank capacity	25litres
Oil tank capacity	4.9litres
